Project Closing Report

Purchase of Mobility Aids for Inmates of Premdham

We are happy to report to you the successful completion of the project titled 'Purchase of Mobility Aids for Inmates of Premdham.' We are delighted to share the closing report for your review along with all necessary supporting documents.

Under this project, we received a financial support of INR 99,000 from Lauro Ikastola and ICLI. With this support, we were able to enhance the mobility and quality of life for the children under our care. Here is a breakdown of the utilization of the funds:

1. **Purchase of Electric Wheelchair:** An electric wheelchair was procured at a cost of INR 59140, which has immensely benefited one of our beneficiaries, providing them with greater independence and mobility.
2. **Procurement of Try Cycles, walkers and Wheelchairs:** Additionally, we utilized INR 47481 towards the purchase of Try Cycles and conventional wheelchairs, expanding our range of mobility aids to cater to the diverse needs of our residents.

While we have accomplished the procurement of essential mobility aids, we regret to inform that due to shortage of local funds, we were unable to execute the proposed activities such as knee replacement surgery, corrective surgery for clubfoot, and provision of artificial hearing aids. However, please rest assured that we are actively exploring various avenues to raise the necessary funds to fulfil these activities as well in the near future.

We extend our heartfelt gratitude to Lauro Ikastola and ICLI for your unwavering support and commitment to our cause. Your generosity has made a tangible difference in the lives of those we serve, and we are profoundly grateful for your continued partnership. We would also take this opportunity to thank, in a very special way, the school management, principals, teaching staff, parents and students for supporting us.

We remain dedicated to our mission of promoting inclusivity, empowerment, and dignity for persons with disabilities, and we look forward to the opportunity to collaborate further in creating a more inclusive and compassionate society.
